### **A little bit about us.**

Here at the chartroom we are passionate about Scotland. We proudly source local Scottish produce including the best beef from Orkney, seafood caught just off the west coast - including our own sustainable halibut from the Isle of Ghia - Scottish Italian Ice cream made just up the road in Paisley, cheeses from the "Damn fine cheese company" down in Dumfries and Haggis hunted using centuries old practices in the rolling fields of Livingston.

We are always looking for new local suppliers. So if you know someone who grows or sells great Scottish produce then please let us know so we can give them a try.
